

Supervised Play (To Follow the Wednesday Lessons)
Commencing Wednesday 3 September 9 – 11.30

Immediately following the 2 Wednesday Lessons, an enhanced Supervised Play Session will run each Wednesday morning through to the start of the new Beginner Lessons. (8 October)

These are designed to flow on from the Lessons, giving players the opportunity of putting what they have learned at the Lessons, into practice!

The Supervised Play Sessions will be headed by Greg Dobson with the assistance of other experienced players present. The Sessions will be designed to assist **ALL** Players who want the opportunity to discuss their bidding and play options *in real time*. Put your hand up and an experienced player will be available to guide you to find an answer for those tricky situations in both bidding and play.

This is not just “Beginner” Supervised Play, this affords a real opportunity for ALL Tuesday players who want to advance their Bridge to a higher level.

In line with the Clubs commitment to continued improvement, the Lessons and Supervised Play sessions above will be free to all Members.
